Prioritise

COMPONENT MANAGEMENT PLANS

- **Describe baseline**
- **Set objectives for management of resource**
- **Identify management prescriptions to meet objectives**
- **Identify future management aspirations**

INTEGRATION PROCESS

- **What are the management priorities on the site?**
 - **Military Training**
 - **Public Safety**
 - **Nature Conservation and Cultural Heritage**
 - **Public Access**
- **How do the DE / ATE team manage potential conflict?**
 - **Current management structures in place**
 - **Forum for stakeholders to discuss issues**
- **USE EXISTING MANAGEMENT STRUCTURES & PRIORITIES TO RESOLVE CONFLICT**

ACTION PLAN

- **Falls out of integration section as set of agreed actions (although actions would still be subject to relevant assessments)**
- **Covers each land use interest**
- **Should ideally cover a period of 5 years**
- **Needs to be costed to assist forward resource planning**
- **Should identify priority of action and lead responsibility**

ILMP / ITAM INTERFACE

- **Exchange visits for 5 years**
- **Tri-lateral Working Group - UK / USA / Canada**
- **Development of some ITAM components for UK Training Estate - e.g. ATTACC**
- **Potential to introduce ILMP type plan to ITAM**
- **ITAM is a process, ILMP is a plan**

The Future for ILMP

Crazy Well Pool, Dartmoor (N Sharpe)

*“It is our goal, by 2002,
to have developed the
means to measure our
long-term need for
rural training land and
the means to manage
this requirement in a
sustainable way”*

*‘In Trust and On Trust’ The Strategy for the
Defence Estate*

The Future for ILMP (cont.)

- Ministerial Direction - 'The Green Minister'
- Launch of 'In Trust and On Trust' The Strategy for the Defence Estate
- Requirement for a MoD wide Environmental Management System (EMS)

Alignment of ILMPs with EMS

- Gap analysis between ILMPs and MoD EMS
 - desk review and interviews
 - performance monitoring and evaluation criteria
 - feedback of results
- Pilot Studies
 - ILMP sites
 - Non ILMP sites
 - Built Estate (Contonment Areas)

Evolution of ILMPs and Rural Estate

Delivering Estate Solutions to Defence Needs

Integrated Site Management Plans - Aims

- combines built and rural estate - whole site management
- sustainable methodology for managing training and environmental risk
- efficient delivery of defence capability

Summary

- Developed ILMP for the UK Training Estate for 5 years
- Work with US on ILMP / ITAM packages
- Introduction of EMS at UK Ministerial level
- Development of ILMP to incorporate EMS principles ⇒ ISMP
